“Serving Our Commonwealth”

**Current
LEPC
Courses**

**Module 1: “LEPCs in Kentucky”
Module 2A: The EPA’s Tier2Submit20xx
Module 3: Emergency Planning Guide for EHS Facilities**

Purpose (Module 2A):

This course is designed to provide facility personnel and active LEPC members with an understanding of the process required to complete an electronic tier2 report using the EPA’s Tier2Submit20xx Software, an understanding of the legal aspects tied to tier2 reporting, and practical uses for tier2 data.

Target Audience (Module 2A):

The target audience for this course are all facility personnel required to complete and submit a tier2 report and all LEPC members, specifically those who receive, review, and catalog tier2 reports or participate in the EHS Facility Emergency Response planning process.
