CSEPP-KYEM Wednesday Webinar

August 21, 2024- Virtual Media (Zoom®)

Noon EST

Offered by KYEM & CSEPP

Webinar Title: *National Economic Resilience Data Explorer (NERDE)*

Description: Make NERDE your new best friend to help you understand your community even more when it comes to emergency management planning. Argonne National Laboratory in partnership with the Department of Commerce's Economic Development Administration (EDA) developed the National Economic Resilience Data Explorer (NERDE) to empower local emergency management and help them understand what makes their community tick on the issues of economic development, recovery, and resilience analysis. Alison Turner is proud to be a NERDE and once you attend her Wednesday Webinar, you will see and be able to use the power of NERDE.

Special Notes: Advance student registration is **REQUIRED** and must be received by **August 19, 2024**. You are considered accepted as a student in this class upon receipt of your application. Once you have registered you will be sent the link to log in.

Registration: https://forms.logiforms.com/formdata/user_forms/25701_7726379/383754
Students will be notified if the course is canceled. For this reason, it is imperative that you provide accurate contact information.

Wednesday Webinar Series: The Wednesday Webinar Series was established to provide Public Information Officers (PIOs) and other communication related fields with virtual opportunities to address topic specific issues in quick 1-hour monthly webinars. Monthly topics and featured speakers will be selected and scheduled accordingly to help provide attendees with real-world application to the following: planning and developing a process with clearly defined procedures to gather and provide accurate, timely, and accessible information on an event as it approaches or as it has occurred.

CSEPP-KYEM Wednesday Webinar Featured Speaker Biography

Alison Turner, Senior Economic Development Researcher, Argonne National Laboratory

Alison Turner is a Senior Economic Development Researcher in the Decision and Infrastructure Sciences Division at Argonne National Laboratory. She brings over ten years of experience to Argonne working in the realm of economic development, scale, and program impact. She has spent time on the research side at the New Mexico Bureau of Business and Economic Research, on the financial side as a municipal bonds trader for the Bank of New York Mellon, and in practice working for the North Central New Mexico Economic Development District. Prior to working at Argonne, Alison served as the founder and Chief Executive of Metrics Together, a company focused on data empowerment for local government and non-government offices. She holds bachelor degrees in Anthropology and Economics from the University of New Mexico and a Masters in Statistics from Boston University.
