BatteryIQ: Awareness and Operational Response to LI-ION Emergencies
Mason County Emergency Management
668 Kenton Station, Maysville, KY, 41056
July 22, 2025
6:00 pm - 10:00pm - EST

Course Description

Discover the essentials of lithium-ion battery safety with BatteryIQ, offering students a streamlined system to comprehend, identify, respond to, and mitigate incidents involving lithium-ion batteries. This course spans a range of incidents from cellphones and electric scooters/bikes to electric vehicle fires and storage system failures. Participants will receive comprehensive Battery response Guides, empowering them to swiftly, effectively, and efficiently categorize various battery related emergencies based on battery type and failure stage. These categorized incidents then guide students in assessing potential hazards, determining appropriate personal protective equipment (PPE), selecting recommended equipment, and mastering correct emergency operation tactics upon arriving at the scene of a Li-ION Battery Emergency.

Student Criteria:

This course is open to all Emergency Management, Rescue, Environmental Response, Public Health, Fire, Emergency Medical, Law Enforcement personnel or any organization having responsibility for responding to a hazardous materials incident. HazMat Awareness and Operations class would be beneficial to the student.

Special Notes:

Advance student registration is REQUIRED and must be received by July 15, 2025 in order to participate in this course. **MAXIMUM # of students seats are 30.** Meals Lodging, and travel arrangements/expenses are the responsibility of the student and will not be reimbursed by KYEM unless otherwise noted.

Registration:

Registration application for the course can be completed using the following link to the KYEM website: https://forms.logiforms.com/formdata/user_forms/25701_7726379/94173
