Multi-Hazard Emergency Management for Higher Education (L-363)

Offered in Partnership with
FEMA’s Emergency Management Institute (EMI), Kentucky Division of Emergency Management (KYEM)
and Kentucky Community and Technical College System (KCTCS)

Location: KCTCS: 300 North Main Street, Versailles, Kentucky
Dates: June 18-20, 2019
Class time: 8am EST

Course Description
This 3-day course provides institutions of higher education with the knowledge and planning strategies to better protect lives, property, and operations within the context of comprehensive emergency management by using the Incident Command System to develop and implement an Emergency Operations Plan (EOP). This is an elective class for the Advanced Professional Series (APS).

Target Audience
Selection Criteria: Individuals that are part of an emergency management team at institutions of higher education and their disaster partners. Positions may include community first responders, law enforcement/SRO, fire/emergency medical services (EMS)/public health, office of emergency management college/university officials, college administrator (president, vice president, provost, dean, etc.), office of emergency management/planning official, risk manager, public information officer, security officer, environmental safety officer, or public safety chief, office of facilities management official, food/dining services director, health services or counseling services representative or psychologist, faculty representative, student affairs representative.

Course Objectives
Recognize the importance of an emergency plan that meets the unique needs of an institution of higher education. Identify hazards that present risks for institutions of higher education and the impact of those hazards. Identify the process and benefits of conducting a risk assessment. Identify the benefits of an effective Emergency Operations Center. Create a partnership with stakeholders. Identify and assemble a planning team. Develop or revise a multi-hazard EOP. Engage the academic community in the essential elements of emergency planning.

Prerequisites
IS-0100, Introduction to the Incident Command System.
IS-0775, Emergency Operations Center Management is recommended.

Registration
Registration application for the course can be completed using the following link:
http://www.kyem.ky.gov/training and click on register. When registering, please use proper name as you would like it to appear on the certificate. Students will be notified if the course is cancelled. For this reason, it is imperative that you provide accurate contact information. Class size is limited to 40 students.
