You are invited to Attend

MGT-341 Disaster Preparedness for Hospitals and Healthcare Organizations within the Community Infrastructure

May 7-8, 2019

Public Safety Operations Center, 115 Cisco Rd., Lexington, KY 40504

Disaster Preparedness for Hospitals and Healthcare Organizations within the Community Infrastructure: Protecting the critical infrastructure of the United States is essential to the Nation's security, public health and safety, economic vitality, and way of life. Hospitals and healthcare organizations are part of the critical infrastructure as identified in the National Infrastructure Protection Plan (NIPP). This course brings together those individuals from the hospital and healthcare community who are responsible for ensuring the resiliency of healthcare services during a high-consequence or catastrophic event within a jurisdiction. Focusing on preparedness processes and activities, this course provides hospital and healthcare personnel an opportunity to acquire the knowledge, skills and abilities necessary to help them ensure the sustainability of their facilities and organizations during all types of disasters.

Topics:

- Threats to the Community
- Fundamentals of Preparedness
- Preparing the Response
- Preparing the Recovery
- Assessing Your Preparedness

Participant Audience:

- Managers and healthcare managers/Health department personnel
- Department heads, directors, assistant directors and senior medical staff
- Regulatory personnel
- Local emergency planning directors/managers/ Emergency preparedness planning personnel
- Healthcare providers/Emergency service managers/administrators

Registration is free! Please contact:
