HazMat Transportation Incident Response Workshop  
4675 State Route 181 N. Greenville, KY 42345  
Exit 53 on the parkway  
September 10-12, 2019  
8:00am-5:00pm (Central)

Course Description:  
This 16 hour workshop focuses on the fundamentals and skills associated with emergency response to hazmat transportation incidents. Participants will learn to conduct site assessment of the scene and assess damage involving flammable liquids. Participants will also learn to assist in identifying vulnerabilities within their own local transportation systems while learning to recognize and prioritize assets in their jurisdiction and region. Participants will also have the opportunity to test this knowledge in a tabletop simulated exercise at the conclusion of the workshop.

Course will also cover:

- Chemical Hazards
- Hearing and Respiratory Protection
- Drum Handling
- Spill Containment and Collection
- Sampling during a hazardous materials transportation incident

Student Criteria:  
This course is open to all Emergency Management, Rescue, Fire, Emergency Medical, and Law Enforcement personnel or any organization having responsibility for responding to a hazardous materials incident. Recommended prerequisites beneficial to the student: HazMat Awareness and Operations. You MUST be at least 18 years old to register for this class.

Special Notes:  
Advance student registration is REQUIRED and must be received by September 8, 2019 in order to participate in this course. You are considered accepted as a student in this class upon receipt of your application by this office so you will not receive a letter acknowledging that acceptance. Meals, lodging, and travel arrangements/expenses are the responsibility of the student and will NOT be reimbursed by KYEM unless otherwise noted.

Registration:  
Registration application for the course can be completed using the following link:
