TRAINING ANNOUNCEMENT

COURSE TITLE: “Surviving The Hot Zone” Workshop

DATE: September 11 and 12, 2019
8:00 AM to 5:00 PM

LOCATION: Hebron Fire Department
3120 Northbend Rd.
Hebron, KY

COURSE DESCRIPTION:
This 16-hour course is designed to expand the responder’s knowledge base in the selection, maintenance, testing and practical application of personal protective equipment. Unlike many courses, students are not merely informed of unforeseen consequences but, are challenged with hands-on exercises that will put their new found knowledge to work in the Hot Zone. Each student will be individually compelled to apply tactics and techniques that will permit him and team members to successfully complete a hands on confidence course. The confidence course presents challenges in the form of in-suit emergencies and physical and mental restrictions that may be encountered while working in the Hot Zone.

Entering the Hot Zone will always be a physical and mental challenge to say the least. However, challenges and stress can be minimized with knowledge, confidence and practical experience. This course is 50% hands-on and will require all students to complete exercises and a confidence course in Level A Protection. Challenges encountered during the confidence course will include addressing cargo tank leaks, rebuilding valves, overcoming physical restrictions and much more.

PARTICIPANT CRITERIA:
The target audience includes HazMat personnel with a minimum of Technician Level HazMat Training.
PERQUISITE:

All students must be technician level responders and are required to have their own SCBA, Hazmat Boots and Hard Hats.

SPONSORSHIP: This Course is sponsored by the Northern Kentucky Emergency Planning Committee, The Kentucky Division of Emergency Management and the Northern Kentucky Regional HazMat/WMD Response Team. Delivered by Safe Transportation Training Specialist.

INSTRUCTIONS:

1) Course enrollment maximum is 25 participants.
2) There are no course fees.
3) PLEASE, DO NOT REGISTER FOR THIS TRAINING UNLESS YOU ARE FULLY COMMITTED TO ATTENDING.
3) Pre-registration is required by September 4th, 2019
