Risk Based Response to Battery Emergencies
Shelby County Emergency Management
215 Washington St, Shelbyville, KY, 40065
September 24, 2025
8:30 am - 5:30 pm – EST

Course Description

This 8-hour course includes classroom and hands-on training to prepare responders to conduct risk-based response to battery emergencies for multiple types of batteries including Lithium-Ion (Li-Ion). The course covers batteries found in transportation including passenger vehicles, ground transport, air and sea shipping, as well as residential, commercial, and industrial settings.

Student Criteria:

This course is open to all Emergency Management, Rescue, Environmental Response, Public Health, Fire, Emergency Medical, Law Enforcement personnel or any organization having responsibility for responding to a hazardous materials incident.

Special Notes:

Advance student registration is REQUIRED and must be received by September 19, 2025 in order to participate in this course. **MAXIMUM # of students seats are 30.** Meals Lodging, and travel arrangements/expenses are the responsibility of the student and will not be reimbursed by KYEM unless otherwise noted.

Registration:

Registration application for the course can be completed using the following link to the KYEM website: https://forms.logiforms.com/formdata/user_forms/25701_7726379/94173
